Black Teas

Organic Ceylon & India Black Tea Blend (also known as Orange Pekoe) - This is not your standard black tea that you may be accustomed to. We start out with a robust Assam from India and blend it with a smooth liquoring Ceylon. Then we take this traditional tea one step further by adding a fine strong Rift Valley African tea to give the cup the added color and aroma found in few other black tea blends.

Organic Ceylon & India Decaffeinated Blend - Almost indistinguishable from our regular black tea, you'll be amazed of how much flavor, aroma, and brightness this cup will have. If you add milk to your tea, the cup won't turn "muddy" in color - a true sign of lesser grade teas.

Organic Highland Darjeeling - Our Muscatel Darjeeling is a First Flush Organic Single Estate grown at over 4,800 feet elevation in the Himalayan foothills. The liquor has deep fruity notes and a sparkling brilliant cup. The exact Estate may vary season to season according to growing conditions.

Organic English Royalty Breakfast Tea - This is a blend of fine high grown pure Assam teas with a distinct malty character. We would recommend using milk with this tea, but for the tea lover, naked will bring out the aroma and strong liquor of this blend.

Organic Irish Breakfast Tea - Our Irish Breakfast Tea is grown in the Assam Valley of India. A strong cup with a bisquity note, this is a great tea to wake you up in the morning or pick you up in the afternoon.

Infused Black Teas

Organic Victorian Earl Grey Tea - Many Earl Grey teas today use plastic "pellets" sprayed with Oil of Bergamot which are then put into the tea bag with the tea. We instead infuse fine Assam Black Tea leaves directly with Superior Italian Bergamot. Since every leaf is infused, the result is an Earl Grey tea with a stronger, robust taste with the delightful pungent aroma of Oil of Bergamot.

Organic Mandarin Orange & Spice Flavored Tea - Orange peels give this a surprisingly smooth subtle orange flavor balanced with a spicy finishing note. A great cup of tea that you can serve to almost anyone and they will enjoy.

Organic Black Currant Tea - Our Black Currant tea is a blend of a high grown Assam, Black Currant fruits, leaves and natural essence. The taste is a sophisticated and subtle berry flavor. This is a great Black Currant teal.

Organic Nilgiri Peach Tea - Some of the world's highest grown teas are from the Nilgiri Region of India. We use Nilgiri black tea grown at 7,000 feet and flavor it with natural peach for a wonderful tea hot or iced.

Green & White Teas

Organic Tropic Passion Flower Green Tea - We took rare unprocessed green Darjeeling teas and added Marigold petals, red Hibiscus Flower, and Blue Corn Flower and flavored it with fruity natural Mango. A beautiful and delicious tea.

Organic Acai Berry White Tea - High in Anti-Oxidants and rich in fatty acids, Acai Berry is a wonder elixer from the rain forests of South America. We blend it with the finest unprocessed organic white tea from China to retain the highest level of anti-oxidants and bacterial fighting properties of any element found in nature. Enjoy in good health!
